

Players that need to Accept Team Invite

There are 2 ways to accomplish this if you are having issues with a guy or two.

-
Player's go here <https://usssa.com/ISTSLogin/Player>

Players need to go in email, accept invite and click a couple of yes/accepts.

The players need to sign into their account and the first screen they see will ask them to approve their roster additions. On the webpage as above they can enter their email address and can have their password sent to them if needed.

Manager's go here <https://usssa.com/slowpitch/ISTSLogin/#/?gdSport=17>

1. As manager you can login with your (ID/PASSWORD)
2. choose 2017 USSSA team and hit (ROSTER ADDS / UPDATES)
3. on next screen hit (I ACCEPT)
4. Go to player at bottom of roster and hit (SEND INVITATION, it's in orange)
5. If it does not have that option and in green says (HAS ACCESS) than the player needs to do the first part of this email and invite is waiting in their email.
